# STUDENTS

Currently, we have 88 students, all of whom are coming to study. 20 students are not coming because they take admission in schools. And out of them, 15 students are coming for computer classes. This month, 15 new students joined us.

# DAILY ROUTINE

**First Batch Timing is 9:00am to 11:00am**

Basics are being taught in these classes in English and math, like the number system, round off, noun, pronoun, sentences.

# **Computer class (11:00 am to 12:00pm)**

In these classes, we teach the basics of computer, like how to make a file and a folder, work on MS Word and MS Excel.

## **Second Batch Timing for Computer Students (3:00pm to 4:00 pm)**

In this batch, we took computer classes for the students who came from government schools. Women are also coming to learn something new, at this age they are also eager to learn computer skills.

## Second Batch Timing (5pm to 7:00 pm)

In this batch, 4th to 6th grade NCERT of Science, Social Science, GK, English, And Basic Maths was taught.

# STITCHING CLASSES (3:00pm to 5:00pm)

Stitching classes were taken by Mrs. Padmavati Pandey. In these classes, 10 women joined to brush up on their stitching skills. During these classes, they learn to make half pants, petticoats, umbrella frocks, platen frocks, and plazzos. Some of them also made use of electronic machines.

# Co-curricular activities

Dance, singing & art and craft classes on weekends

# Mehendi & Drawing Classes

**Classes: 3:00pm to 4:00pm**

We have 10 students in this class. They were learning traditional mehendi art and different styles of mehendi design. In art class, they were learning various artistic skills like painting, sketching, and paper projects.

# Food distribution

# Volunteer

A new volunteer has joined us, and her name is Shivanshi. She was very happy after the interaction with our students. The students in our center also enjoyed her company. She came every weekend .
