DIGITAL LAB

We organized screenings of cartoon movies depicting the life stories of Lord Krishna and Shiva. Through these captivating tales, we aimed to not only entertain but also impart valuable lessons of love, compassion, and spirituality. We added an educational and engaging touch to our winter activities by hosting a lively quiz session.

Meanwhile, all the kids have access to computer lab every day for 1 hour, which they learn according to their time table. They enjoy it the most

ART & CRAFT

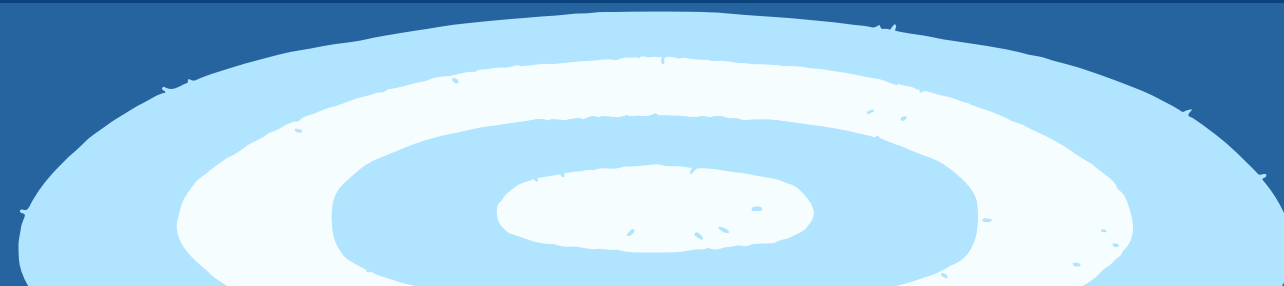

Warli Art Kids learnt worli art and made a wonderful drawing. Warli is a traditional tribal art .

Rolled Paper Leaves rolling old unused paper, kids made hanging toran which looked amazing.

Christmas Tree and Santa made by cutting the cardboard in the shape of double triangle, sticking leaves.

SUNDAY FUN

MERRY CHRISTMAS

The children's Christmas spirit soared as they crafted their own tree, adorning it with care and creativity. With joyous laughter and boundless enthusiasm, they transformed their classroom into a festive haven, decorating it with vibrant balloons that echoed the excitement in the air. The room buzzed with merriment as they danced gleefully, creating memories etched in the backdrop of shared laughter. Movie time became a magical experience, wrapping the class in a cozy warmth as they reveled in the joy of the season together.

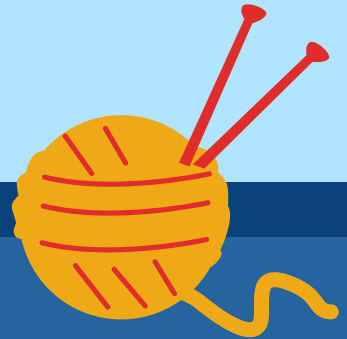

CAP & SOCKS DISTRIBUTION

This winter, our community came together to spread warmth and kindness by distributing essential caps and socks to children facing challenging circumstances. Recognizing the importance of keeping our youngest members snug during the cold season, this initiative aimed to provide not just physical warmth but also a sense of care and support. Through collective efforts, we've made a meaningful impact, ensuring that every child can face the winter months with comfort and a smile.
